

Northeastern University Graduate Student Government

Travel Funding Verification Form

Non-PhD Students Only

The Graduate Student Government is pleased to offer opportunities for graduate students to apply for travel funding that will promote their academic and professional advancement. The funding from GSG originates from the activity fee collected from eligible graduate students.

The GSG is pleased to have increased the travel funding available to non-PhD students despite our limited funds. However, the GSG funding is designed to supplement the cost of travel with the expectation that departments and colleges will also invest in these important academic activities. Before the GSG will consider any request for travel funding, students are required to approach their department/college to explore funding opportunities available through those avenues.

Department/College Representatives: Please use this form to affirm any financial support that you are able to provide this student. If no funding is available, please check the box below in addition to adding your signature.

Student Name : _____

NU ID : _____

Department : _____

College : _____
